Masterlift

Makes the difference in maintenance.

The MASTERLIFT is thanks to the use of new techniques, the most maintenance friendly pipe-rail trolley on the market. The maintenance free bearings, and the efficient drive motor without carbon brushes result in big savings on maintenance costs. Next to that, the MASTERLIFT is standard very complete equipped with; toolbox, double entrance, turbo-function, wide synthetic flange wheels, endless potentiometer, acoustic status indicator, and many more.

Advantages

- Very robust and durable design.
- The lowest maintenance costs.
- Lower energy consumption, longer battery life.
- Acoustic status indicator and “service-mode”.
- Simple and reliable controls.
- Turbo function 120 m/min.

Specifications

- Speed: 0-75 m/min + Turbo 120 m/min
- Length frame: 1900mm
- Pipe-rail size: 425 - 800mm
- Batteries: 24V 110Ah full-traction
- Battery gauge: Yes
- Tilt alarm: Yes
- Error indicator: Yes
- Lifting wheels: Hydraulic
- Minimum height: 530mm (Masterlift-2)
- Maximum height: 3200mm (Masterlift-2)
- Minimum height: 600mm (Masterlift-3)
- Maximum height: 4600mm (Masterlift-3)

Options

- Battery charger trolley.
- Battery charger handheld.
- Built-in battery charger.
- Stabilizers.
- 24V connector for rope machine.
