Skyman

Simple in use and maintenance.

The “SKYMAN” is a newly developed pipe-rail trolley, which is developed together with end users. The SKYMAN electric pipe-rail trolley is developed for growers who do not need hydraulic lifting platforms. The SKYMAN can be used on different heights by manually adjusting the platform. Because of the simple design, the trolley is not only simple in use and maintenance, but it makes the trolley also a very interesting investment.

Advantages

- Strong motor.
- Low platform.
- Hygienic.
- Simple controls.
- Light and easily manoeuvrable.
- Low costs of ownership.

Specifications

Drive:	0,16kW
Speed:	0-40 m/min
Length frame:	1780mm
Pipe-rail size:	425-800mm
Batteries:	24V 105Ah
Battery gauge:	Optional
Tilt alarm:	Yes
Side movement:	With centre wheel
Minimum height:	510mm
Maximum height:	2850mm

Options

- Battery charger trolley for 4 of 6 chargers.
- Battery charger Water- / shock proof 100-240VAC 50-60Hz.
- 24V connector for rope machine.
- Aluminium tool box.
- Battery gauge.
- Battery charger 230V 50Hz.
